Dear Albert:

On behalf of the Washington State Society, we want to thank you for your generous contribution to the Society's 49th Annual Potlatch Dinner. We and all those who attended are grateful for your generosity and sincerely appreciate your donation.

With your help, we entertained nearly 650 people and raised over \$3,000 for Northwest Harvest, a hunger relief agency working throughout Washington State to provide food, technical assistance and support to more than 300 partner food pantries, meal programs, and elementary schools.

We could not put on an event of this caliber each year without your continued support. Your participation enabled the Washington State Society to host another outstanding Potlatch for people with Washington State connections who live and/or work in Washington, D.C.

Again, thank you for your kind gift. We look forward to working with you again in the future.

Sincerely,
